

We are currently looking to recruit a **Workshop Operative** at our factory, based in Great Milton, Oxfordshire.

The successful applicant will be working in our “state of the art” masonry workshop where we produce granite worktops, bespoke pool copings, grilles and other items according to customer’s orders.

As an Operative your duties will include:

- Operating CNC machines and hand tools.
- Wet and dry polishing and sawing.
- Following detailed customer orders.
- Taking deliveries and storage of received goods.
- Working in a timely fashion to meet agreed timelines for production.
- Taking responsibility for following all Health & Safety guidelines and practices while on duty in the workshop.
- Completing other related tasks required in the business from time to time.

To be a successful Workshop Operative you will have the following skills and experience:

- Experience of similar work although training can be provided for those with related experience.
- Experience in operating CNC machines and hand tools.
- Be keen and enthusiastic to learn new areas of work.
- Excellent attention to detail to complete work to a high standard.
- A full driving license.
- Ability to work both as part of a team as well as independently.
- Be flexible and adaptable to changing business needs.
- Effective communication with your own and other departments.

This role is a permanent, full-time role where the Operative would be required to work from 7.30 – 5.00 with a 30-minute break.

In return, the Workshop Operative will receive a Starting Salary of £21,000 with a sliding pay scale according to ability plus you will be enrolled onto the pension scheme.

Please ring 01844 279274 to discuss, or email claire@stoneworld.co.uk
