

Stoneworld Coronavirus Policy

During these difficult and unprecedented times, we wish you and your families good health.

To keep you in the picture, we want you to know that Stoneworld remains fully open and operational, unless and until the Government advises us to do otherwise.

Please make an appointment to attend our business premises.

All our staff are being conscientious in their regard for each other's and our customers' health and well-being, and therefore we feel confident that we can welcome you into our business showroom and display area, safe in the knowledge that it is clean and safe to be here.

Our premises are being kept scrupulously clean.

Our colleagues are washing their hands and keeping surfaces, door handles, etc wiped down regularly to keep everyone as safe as possible. Hand sanitiser is available to onsite visitors.

Masks should be worn onsite.

We discourage you from entering the sales office wherever possible. Stay on the exterior display area and interior showroom where possible.

Orders should be pre-paid wherever possible. Onsite, we recommend card payment or BACS wherever possible.

Please do not visit us if you feel unwell, or have any Coronavirus symptoms.

We have plenty of space here with ample parking for comfortable browsing away from the crowds.

It remains a corner of tranquillity in the Oxfordshire countryside where you can come to buy **Everything you need in stone** for interior and exterior projects.

We look forward to welcoming you here, but if you cannot make the journey [please view our website>>](#) for inspiration.

We can send samples out to you via the post.

We are happy to discuss details of planned projects via email or telephone
