PORTLAND

Great British Limestone

Experience timeless elegance with the classic creamy neutral tones of this limestone, a staple in the UK architecture for centuries. The natural heavy shell content in the Casterbridge bed adds a distinctive touch. The Hardy paving has minimal fossils for a sleek look. Choose this limestone to bring a touch of timeless charm to your outdoor space.

Hardy Portland

CHICKSGROVE

Great British Limestone

Chicksgrove limestone comes from the upper beds of Portland limestone, so whilst it shares similar creamy tones it has a deeper warmth to it. Chicksgrove limestone is a tight and fine grained stone. It oozes understated luxury.

KILKENNY

Great British Limestone

Premium quality and style

This classic Irish limestone paving is blue-grey in tone. This Limestone paving is a historic material used for carving & architecture in Neolithic Ireland. Today this stone is contemporary in style and is a popular choice in modern property and landscape design. This paving has a flamed finish for a textured surface. This material can often have natural white fossil markings.

SANDITON

Great British Limestone

Sanditon Limestone is quarried from an array of beds on the Southern Coast of England. It holds sky-like blues and greys against creamy, sandy backgrounds for a truly beautiful natural masterpiece. Crafted from durable, dense limestone, its captivating colour detailing adds a touch of contemporary elegance to any project. Note - this stone can be sorted into creams only and exclude the blues if needed.

PURBECK LIMESTONE WALLING

British Stone

Dry Stone Walling

4-inch on Bed

Purbeck Limestone can be used for walling in two formats: Dry stone walling and 4-inch on bed building stone.

The Dry stone walling is great to use for informal garden walls and where trying to create a reclaimed feel.

The 4-inch on bed walling is loosely coursed and is brilliant for a more formal appearance.

This Purbeck stone is very hardwearing and weathers well. It's cream and blue tones create a light ambience in any garden.

IRONSTONE WALLING

British Stone

This beautiful, versatile ironstone quarried in north Oxfordshire is a rich brown with blue/grey veining. Ironstone is ideal for garden walls and renovations. Available in 4-inch on bed format for easy wall construction.

IronStone Walling with Black Sandstone Paving

ORMOND IRISH SANDSTONE WALL CLADDING

British Stone

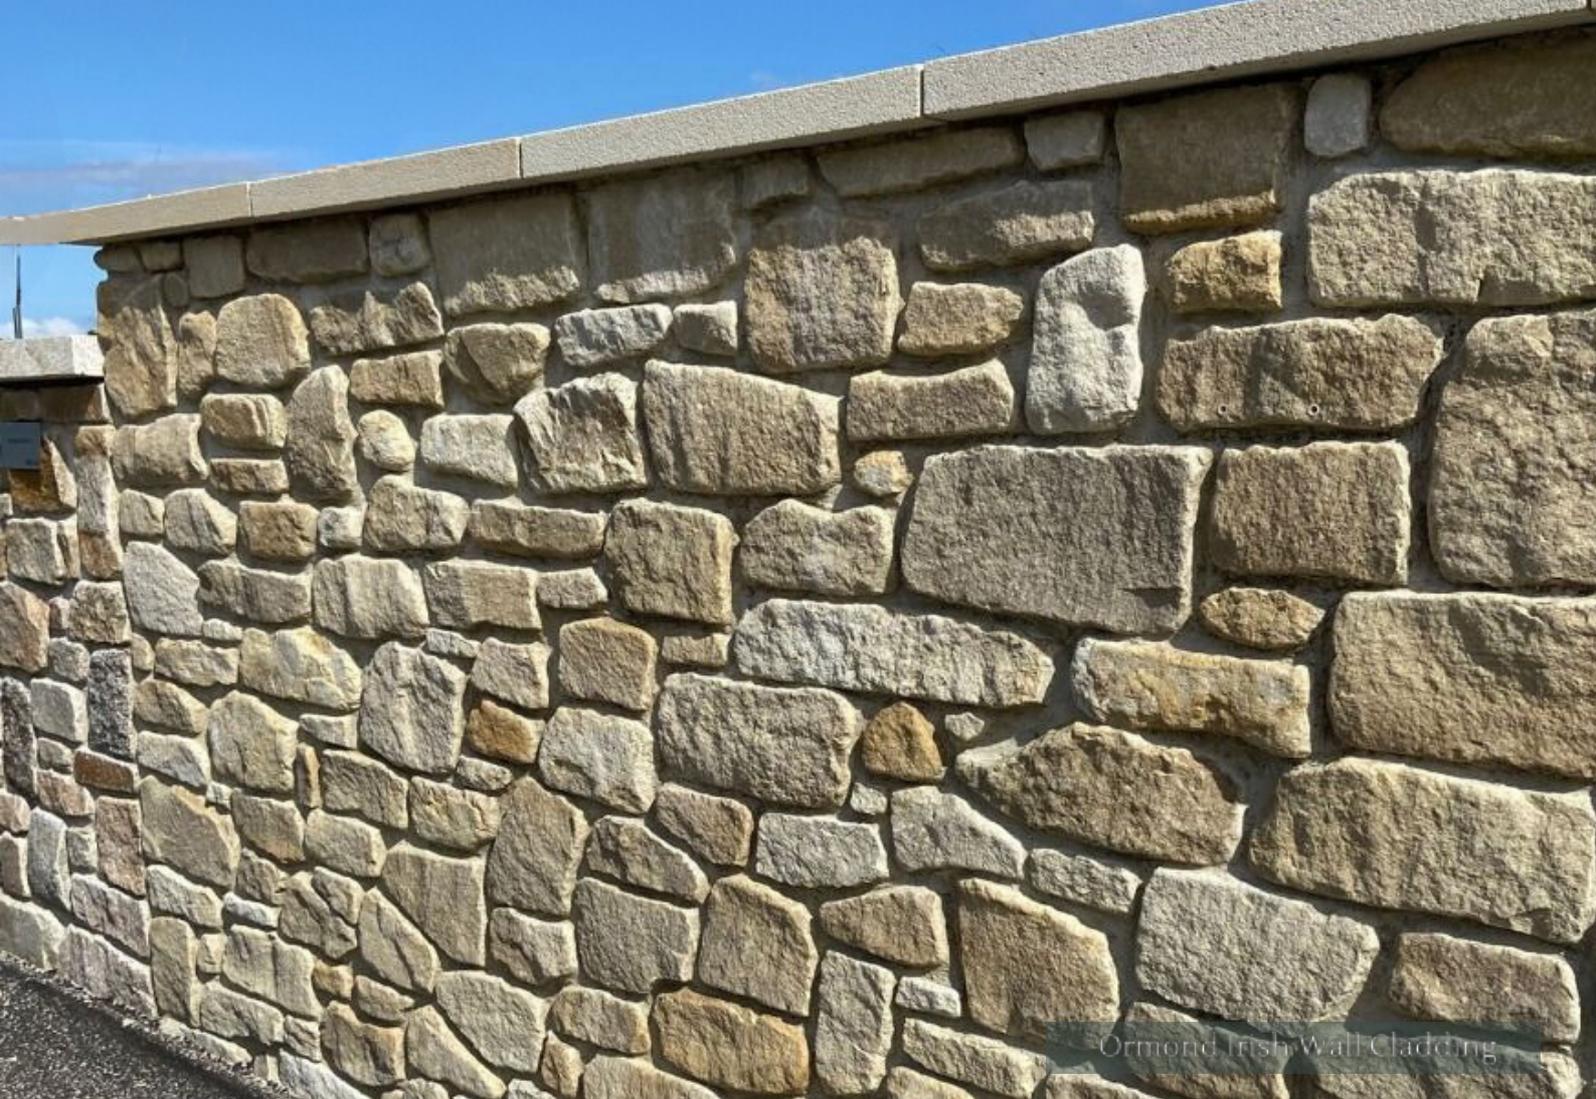

*Lead time of 4-6 weeks

If looking to match your Ormond Irish sandstone paving, then this stone is also available in a wall cladding format perfect for garden walls and house building.

It has a variation of colours from warm golden brown to cool buff beige tones. This sandstone cladding is also available in matching L shaped corners for easy installation.

Great British Stone 

Ormond Irish Wall Cladding

NEW YORKSTONE GARDEN WALLING

British Stone

Our (new) Yorkstone Garden Walling is cropped and comes in irregular sizes making for a perfectly informal garden wall. The bronze and buff tones of classic york stone look great in a wall in many gardens and can complement an array of landscaping schemes.

Great British Stone 

BOULDERS, PEBBLES & AGGREGATES

Nearly all of our Boulders, pebbles and aggregates are quarried in Great Britain.

These are a sustainable choice for wonderful garden features.

From large glacial boulders shaped by hundreds of years of glacial movement to small river pebbles and aggregates perfect for pathways and ponds.

BESPOKE

At Stoneworld we use many British stones for our bespoke creations. Whether you would like a sculpture carved in Portland limestone or a water feature crafted from Yorkstone or a heart-felt engraving to sit on your garden wall we can produce any design you may have in stone.
